**Supplemental Declaration for Reissue Patent Application**

I, Magnus Bolmsjö, the inventor of the subject matter in the above identified reissue patent application, declare that:

1. Every error in US patent 6,366,818 which was corrected in the present reissue application, and which is not covered by the Declaration for Reissue Patent application submitted in this application on April 1, 2004 (hereinafter the Original declaration), arose without any deceptive intention on the part of the applicant.
2. This Supplemental Declaration addresses all errors corrected subsequent to the April 1, 2004 filing date of the reissue application and the Original Declaration, specifically those errors which were corrected by the Amendment and Response to First Office Action, filed June 6, 2006; the Response to Second Office Action, filed April 12, 2007; and the Second Amendment and Response, filed May 16, 2007, all of which resulted in the form and status of the claims shown in Part 1 of the Amendment and Response to Third Office Action and Surrender of Original US Patent 6,366,818, which I have also considered and which will be submitted herewith.
3. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and

Serial No. 10/816,377

further that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 USC 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
